Professional Summary

As a recent graduate with a Bachelor's degree in Computer Science, I am seeking an entry-level full stack developer position. I have hands-on experience in both front-end and back-end development, along with a Basic foundation in Data Structures and Algorithms (DSA). I have strong problem-solving and analytical skills and am eager to apply my technical knowledge to innovative projects.

Technical Skills

• Web Development: **HTML, CSS, Java Script, React JS**

• Development & Database Tools: **SQL**, **Git, Git Hub, NPM**

• Programming Languages: **Java, Python**

• Others: **Data Structures, Algorithms, Object-Oriented Programming**

Education

Bachelor's Degree in Computer Science   2023

Vaagdevi Degree & P.G College.   Hanamkonda

CGPA: 6.8%

Intermediate Education   2020

Sri Vedha Junior College.   Bheemaram

CGPA: 5.4%

Secondary School Certificate   2018

Saketha High School.   Bheemaram

CGPA: 9.0%

Projects

Employee Management System

- **Developed an Employee Management System** using Java 8, Spring Boot, ReactJS, and MySQL to manage employee information, including name, salary, and identification numbers.
- **Implemented a RESTful API** with Spring Boot to handle Create, Read, Update, and Delete (CRUD) operations, ensuring seamless communication between the front-end and back-end.
- **Designed a user-friendly interface** with ReactJS, providing navigation and real-time data updates.

Personal Portfolio Website

- **Developed a responsive portfolio website** using HTML, CSS, and JavaScript to showcase personal information, education, skills, and projects.
- **Implemented a mobile-first design** to ensure optimal performance across various devices and screen sizes.
- **Enhanced user engagement** by incorporating interactive features and smooth navigation, providing an intuitive user experience.
